### Learn more about your school

Did you know that Principal Jacobs attends and provides school-related updates at every PTA meeting? Or that teachers and staff often attend meetings to update the PTA on what our children are learning and experiencing in the classroom? Joining the PTA allows you to make connections to our educators and other parents who can serve as a valuable resource for you and your children.

### Want to help out?

Volunteering is NOT mandatory, but any and all help is greatly appreciated! Take a look at the many volunteer opportunities available, and feel free to sign up as your schedule permits.
